## SELECTMEN'S REPORT

## Financial Condition

The auditors have once again found the town officials books in good order. They have reported a \$39,651.00 fund balance as of December 31, 1983. Substantial increases in the motor vehicle permits, yield taxes and a savings in interest on tax anticipation notes due to the semi-annual billing of real estate taxes, added to the 1982 fund balance of \$11,382.00, accounted for most of the increase in the surplus.

The total long term indebtedness of the Town is \$20,000, on the combined total of the fire truck and the new highway truck. We are recommending taking the money from surplus and paying off these 2 notes, saving on interest payments and freeing the Town of any debt. In addition we are recommending \$12,000 of the surplus be transferred to the Highway Department Capital Reserve Fund for any future use the Town may wish to use the funds.

Article 4 is asking for the purchase of a computer system for the Town, including both hardware and software. The article calls for the Revenue Sharing Funds to be used for this purpose. The system will allow several uses instead of just tax billing including residents tax billing, voter checklists, notices to delinquent tax payers, municipal accounting by departments, reports to department heads at anytime, camera ready reports for the town report, to name a few of the functions that can be performed. All of this means saving time, increasing cash flow and saving the town money.

Article 5 is asking for the purchase of a 1 acre parcel of land abutting the Town property to the south on Route 3A. This parcel has 200' frontage on the road and would be developed for off street parking, which at present is strictly limited. \$3,000 of the surplus would be used for part of the \$7,750 purchase price. \$4,750 would be raised by appropriation. We are recommending favorable action on this article.

The projected budget for the Town for 1984 is the same as the 1983 budget, with no increase. With the added valuation to be picked up in 1984, we are projecting no increase in the 1984 tax rate. It is a possibility that the rate may decrease, depending on what the school and county budget looks like. We suggest that the conservative approach to Town affairs continue and keep spending in check.

## Incinerator

Articles #7&8 are requesting voter approval to enlarge the Regional Refuse Disposal District. Waste disposal has no easy solution. It is a continual problem no matter where an individual lives and works. We feel that the present facility is the best solution presently available. When the facility was first constructed, it was designed for future expansion to include surrounding area towns. It is

a matter of economics. Waste disposal is getting more costly and the more that is processed, the lower per ton the cost, the lower the rate to member towns. Our individual cost for the Town of Bridgewater is \$19,000.00 for the year 1984, an increase of \$4,000.00 over 1983. The present operation would operate more efficiently with an increase load. This facility has been cited by the State as a model facility in light of the fact that the towns of Bridgewater and Hebron took it upon themselves to create an independent disposal district in 1975.

#### Revaluation

During the month of November each year the State Tax commission sends to cities and towns the equalization forms to be completed by local officials and returned to the State department. In filling out the forms this year, one fact became very evident in examining the sales of properties in town. The market value on land has shifted considerably. This happens over a period of time as certain locations of land become scarce and the demand shifts to other areas. In the early 1970's this shift was evident and the selectmen did a revaluation of the land. This being the case again, the selectmen are going to undertake to revalue the land values. We will look to professional help to assist the selectmen in arriving at comparable land values throughout the Town. A sum of money has been included in Town Officer's Expenses for this purpose.

On February 2, 1984, two interested citizens appeared at the selectmen's meeting and showed them a copy of a petition being circulated by person or persons to cause a revaluation of the Town. The selectmen are not aware of any gross inequities in the assessment of properties in the Town other than the problem that has surfaced as mentioned above. No individual or group of individuals has appeared before the Board of Selectmen inquiring into or even suggesting that inequities do exist. All building values in Town are on an equitable basis. If individuals do feel that such inequities do exist, the answers are found by looking into the assessment records of the properties in question at the Selectmen's office. Talk amongst or by individuals does not answer the question(s). It only serves to create animosity and doubt without knowing the actual facts before making individual decisions.

One individual did, in appearing before the Selectmen, complain of an inequity, but he refused to identify the situation and didn't want to discuss the situation, so that it could be investigated and any adjustments made if the situation warranted it. This is what the abatement process is set up for. This is the only individual who has appeared before the Board of Selectmen to complain of a possible gross inequity in a good many years. Individuals have appeared to inquire as to how their assessed value was arrived at or to compare valuations, but not to complain about inequities. Individuals should be willing to come forward and discuss and examine what they think are so called inequities in assessed valuations.

One of the decisions to be made is whether or not gross inequities do exist before the Selectmen are willing to commit the Town to great expense, thousands of dollars, for a revaluation.

## TOWN WARRANT

## STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF BRIDGEWATER IN THE COUNTY OF GRAFTON IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at the Grange Hall in said Bridgewater on Tuesday, the Thirteenth day of March, next at twelve of the clock in the noon to act on the following subjects:

Polls to be opened from 12:00 noon to 6:30 P.M.

Business Meeting at 8:00 P.M.

1. To choose a Selectman for three (3) years and all other necessary town officers.
2. To see what sum of money the Town will vote to raise and appropriate for General Expenses as estimated in the budget.
3. To see if the Town will vote to transfer to the Highway Capital Reserve Fund the sum of \$12,000.00 from the 1983 Fund Balance.
4. To see if the Town will vote to appropriate Fourteen Thousand Dollars (\$14,000.00) for a computer system and authorize the withdrawal of the amount required for this purpose from the Federal Revenue Sharing Fund.
5. To see if the Town will vote to appropriate \$7,750.00 for the purchase of a parcel of land on Route 3A adjoining the Town property to the south. \$3,000.00 to be taken from the 1983 Fund Balance and the Town to raise \$4,750.00.
6. To see if the Town will vote to discontinue and made subject to gates and bars the Highway described as follows: The so-called Old County Road #24 from the Hunt Road southeasterly to the previously discontinued portion of the same road, as provided in RSA 238:2.
7. To see if the Town will vote to amend the Regional Refuse Disposal District Agreement so as to add, as an additional member town, the Town of Bristol, conditional upon the vote of said town to join said district and the appropriation of the sum of \$65000.00 toward construction expense.
8. To see if the Town will vote to amend the Regional Refuse Disposal District Agreement so as to add, as an additional member town, the Town of Alexandria, conditional upon the vote of said town to join the district and the appropriation by said town of the sum of \$21000.00 toward construction expense.

9. To see if the Town will vote to deposit any monies received from towns joining the Regional Refuse Disposal District into the Highway Department Capital Reserve Fund.
10. To see if the Town will authorize the Selectmen to, apply for, accept and expend money from the State, Federal, or other government unit or a private source which becomes available during the year in accordance with procedures set forth in RSA 31:95.
11. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.
12. To transact any other business that may legally come before the meeting.

Given under our hands and seals, this Twenty Fifth day of February in the year of our Lord nineteen hundred eighty four.

193 North Main Street  
Concord, New Hampshire 03301  
Telephone: 603-225-6996

To the Members of  
the Board of Selectmen  
Town of Bridgewater  
Bridgewater, New Hampshire

We have examined the combined financial statements and account group financial statements of the Town of Bridgewater, New Hampshire as of and for the year ended December 31, 1983, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and account group financial statements referred to above present fairly the financial position of the Town of Bridgewater, New Hampshire at December 31, 1983, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Bridgewater, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

*Carri • Plodzik • Sanderson*

February 6, 1984

NOTES TO THE FINANCIAL STATEMENTSDecember 31, 1983

The annual requirements to amortize all debt outstanding as of December 31, 1983, including interest payments, are as follows:

Annual Requirements To Amortize Long-Term Debt

<u>Year Ending December 31</u>	<u>General Obligation Debt</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
1984	\$ 8,000	\$1,480	\$ 9,480
1985	8,000	880	8,880
1986	<u>4,000</u>	<u>280</u>	<u>4,280</u>
<u>Total</u>	<u>\$20,000</u>	<u>\$2,640</u>	<u>\$22,640</u>

All debt is general obligation debt of the Town, which is backed by its full faith and credit.

NOTE 3 - CAPITAL RESERVE FUNDS

The capital reserve fund balance held by the Trustees of Trust Funds at December 31, 1983, is for the Highway Department, in the amount of \$690.

NOTE 4 - TRUST FUNDS

The principal amount of all nonexpendable trust funds is restricted either by law or by terms of individual bequests in that only income earned may be expended. The Town's nonexpendable and expendable trust funds at December 31, 1983, are detailed as follows:

<u>Purpose</u>	<u>Nonexpendable</u>	<u>Expendable</u>
Cemetery Care	<u>\$4,060</u>	<u>\$4,383</u>

## REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Once again, our cooperative town and state forest fire prevention and controll program leads the nation in least acres burned per forest fire. Less than one-half acre per fire statewide average.

At the town level, your Forest Fire Warden is responsible for the prevention and control of all grass and woods fires when the ground is not snow covered.

Forest Fire prevention is achieved at the town level by issuing a written permit for every fire that is to be kindled on the ground out of doors when the ground is not covered with snow. Each person wishing to have an outside fire must obtain this permit from the town Fier War-den before kindling the fire. Any person that does not obtain a fire permit, when one is required, is violating our forest fire permit law and is subject to court appearnce and could be fined up to \$1,000.00 and receive a jail sentence of up to one year.

No fire permits will be issued between 9:00 A.M. and 5:00 P.M. unless it is raining. The reason for this is two fold: the fire danger in-creases steadily between 9:00 a.m. and 2:00 p.m., then subsides to a safe level between 2:00 p.m. and 5:00 p.m. Also during this time of the day fire fighters are not readily available in most towns so an escaped fire could burn longer and cause greater damage.

As Smokey says, "Remember, Only You Can Prevent Forest Fires!"

1983 STATISTICS

	State	District	Town
No. of fires	779	23	0
No of acres	348	24	0

John Q Ricard  
Forest Ranger

## BRISTOL RECREATION DEPARTMENT

## Bristol Community Center

Certainly 1983 was a busy year for the BCC and one of change. There were a vast array of activities sponsored by the Center to name a few; Aerobics, Newfound people in action, Youth Basketball ranging from grades 3 - 12, Scouts, Archery, Arts, Baton, Volleyball and Open House six afternoons a week. In addition to these events were special events and fund raisers. Billiard Tournament, Carnival Queen and Mr. B, March Ice Breaker Dance, Winter Family Carnival, Jack Frost and Miss Snowflake, Road Race, Tag Day, Ham and Bean Supper, Lobster and Chicken Barbeque and Santa's Village.

The year also saw a change in directors. Best wishes to Mr. Nunez in Vt. and I look forward to the challenges and joys of the position.

The year round calendar of programs and special events will continue to grow and change with recreational needs. The BRAC is always open to residents of the area, your ideas and participation.

As always, this department is ever grateful to all the volunteers who've given so much of themselves for the Center, they're the heart and soul of the Center.

Looking forward to 1984 as a year of great progress and cooperation.

Patricia McGoldrick  
Director

## NEWFOUND AREA NURSING ASSOCIATION

## Town Budget, Request and Report

The board of Directors of the Newfound Area Nursing Assoc. voted at their Nov. 28, 1983 meeting not to request an increase in town appropriations for the coming year. Mindful of our own tight budgets constraints we urge you to grant our request in order that we may continue to provide this vital and needed service to the residents of the area.

## 1984 REQUEST

Bristol	\$9,900.00
Bridgewater	2,200.00
New Hampton	4,400.00
Alexandria	2,200.00

The following is a list of services provided during 1983

Skilled nursing	1998 visits
Physical Therapy	363 "
Home Health Aide	1368 "
Homemaker	493 "
Supervision	416 "
TOTAL	4638 visits

In addition to the above home visits the Assoc. offers a monthly health screenings and clinics. Numerous other activities are undertaken during the year such as the Lion's Van screening and the Christmas Party for the area Senior Citizens.

During 1983 we received \$18,700 from the four towns and provided \$15,295 of services not reimbursable through other sources. The was used to supplement the cost of operating our many clinics.

We look forward to serving those who need our services in 1984

Jeanne M. Martin  
Executive Director

## BRIDGEWATER PLANNING BOARD

The master plan for Bridgewater was approved in July of 1981 after two years of work by interested citizens. The work was done locally by a committee chaired by Allen Dehls, with much input from the Lakes Region Planning Commission. Their effort culminated in the town's approval of a land use or zoning ordinance on June 21, 1983.

Meetings during the balance of the year dealt with normal subdivision applications and continued discussions regarding town planning.

The master plan will be three years old this July. The board is reminded of it's recommendations and what should be done to implement them and update the original plan.

At the January 1984 meeting, a highway planning group was considered of immediate import as town goals. A long range program for highway improvements, centering on upgrading the Dick Brown Road to an all weather "Central Artery".

Further resident and taxpayer activity related to the master plan should include the following study groups:

- Study of our historic inventory
- Study of recreational access to Newfound Lake  
and the Pemigewasset River
- Study of forest management
- Study of industrial development
- Study of volunteer fire department locations to  
better provide town-wide service
- Study of a centralized municipal facility, location  
and construction

The Planning Board will attempt in 1984 to establish these groups to update the master plan.

Respectively submitted,

Lawrence L. Denton  
Chairman

## REPORT OF THE GRAFTON COUNTY COMMISSIONERS

We appreciate this opportunity to more directly communicate with our taxpaying citizens through their annual town/city reports.

Because of our July 1st fiscal year, it is hard to anticipate the local tax impact of the county budget. The Commissioners are accountable to the public and taxpayers, and accordingly are extremely conscious of meeting the citizens' needs adequately and efficiently, yet as economically as possible. However, we are faced with similar budgeting dilemmas as towns and cities. Real budget concerns are created by the federal and state mandated programs and services without supporting funds or local control, and the increased demand for services while attempting to hold down budgets and taxes. We all must maintain a close relationship with our legislators. The Commissioners are following very closely the pending legislation regarding settlement and assistance programs, and hope that the towns are also involved in this very important issue.

Courtroom #2 was finished last summer and was dedicated during the opening of the fall term of Superior Court on September 13, 1983. We anticipate having a second judge in March, which should relieve the backlog and reduce the need for masters.

Counties, as well as towns, are experiencing the transition of the courts into the new State Unified Court System, and should notice a decrease in local expenses for the judicial system. However, the counties will have to "reimburse" \$2.75 million to the Unified Court System in fiscal year 1985, which means approximately \$200,000 to Grafton County. We also expect that the counties will retain certain operating expenses such as Probate Court guardianship and appeals costs, Superior Court bailiff costs, and probably will have to provide court space, furnishings and equipment without remuneration.

On Commissioner recommendation, the Delegation Executive Committee appointed a Jail Study Committee to review the needs for the county correctional facility. The National Institute of Corrections made an independent study of the correctional facility at no cost to taxpayers, and issued an encouraging report recommending minor changes, but overall indicating a good facility in general compliance with laws, regulations and meeting needs. Some attention is being given to the need for additional space, especially for "weekend" incarcerations. There was no recommendation for new permanent facility construction at this time.

Grafton County is currently involved in litigation in a retirement buy-back issue which could have heavy impact on all local governments in the N.H. Retirement System. Assessment on Grafton County in this one case could run approximately \$70,000 plus legal fees and could result in a serious "domino" effect on local governments.

Grafton County will be going through the budgeting process in May and June, with a public hearing on the Commissioners recommendations expected to be held in mid-June. The hearing will be advertised, and we strongly encourage your attendance at the hearing to voice your opinions and feelings on the budget. We welcome your attendance and comments.

The Commissioners meet Mondays at 9:30 a.m. at the Courthouse and at 12:30 p.m. at the Nursing Home. Meetings are open to the public.

## GRAFTON COUNTY COMMISSIONERS:

Dorothy Campion-Corcoran, Chairperson

Richard L. Bradley, Vice Chairman

Arthur E. Snell, Clerk
